HISTORY

The agricultural communities of the Citrusdal region unified as a co-operative in 1957 and in 2007 was re-structured under the guidance of Charles Back -a third generation South African wine maker known for Fairview, Goats du Roam & Spice Route- and Mike Paul, a leading UK wine marketer.

Working with four certified Fair Trade Farms (Bergendal Boerdery, Paardekop Boerdery, Rheeboksfontain and Saamstan Vineyards) each farm workers from the community has become a partner in the business and funds generated flow back into the community. Over the years, this has meant the construction and furnishing of housing, schools, community centers and day care facilities.

The Six Hats namesake is after the six principles that lead the ethos of winery: partnership, change, potential, equity, dignity and sustainability.

VINIFICATION and MATURATION
