3.27

HISTORY

What started in 1737 with 40 hectares, today spans 150 hectares across three vineyard sites that all overlook the Garonne River across Entre-deux-Mers and Cadillac Côtes du Bordeaux.

The current generation, sisters Sophie and Carole, manage the estate today with Sophie managing business administration and exports and Carole continuing to work alongside their father in the vineyards and cellar with winery dog Bruno.

Each vineyard site is managed sustainably with the utmost respect for the environment and surrounding ecosystems.

VINIFICATION and MATURATION

Pneumatic press and fermented in stainless steel at cooler temperatures. Vatting for 18-25 days, final maceration for 4 days. Aged in French and American oak barrels for 8 months.

VINEYARD

50 year old vines planted to soils rich in clay and limestone and sourced from two different vineyard sites. Sustainably managed, machine harvested.

TASTING NOTES

Ruby in color, strawberry and black cherry on the nose translate to the palate and met with supple tannins and rich fruit and notes of vanilla on the finish.

FOOD PAIRING

Carne asada tacos, cheese burgers, BBQ, charcuterie and cheese boards.
