HISTORY

Celebrating 400 years, 26th generation Martin and wife Carmen Moser -whose profiles are depicted on the bottle- have been preserving and honoring the family tradition of wine making in the Kremstal. Focusing primarily on indigenous varieties, the Moser family is renowned for their Grüner Veltliners.

Translating to "Green Veltliner" or more specifically "Green Wine from Veltin" gets its namesake from the area of Veltin that was an area in the lower alps in the 1600s (today is Valtellina, Italy). Grüner Veltliner accounts for a third of grapes under vine in Austria and is rooted in its culture and history.

Gebling is one of the oldest vineyards in the Kremstal with records dating back to 1284. *Gebling* comes from the color of loess being golden in color like autumn leaves. The loess runs deep (over 25 meters) and is the deepest and largest in Europe.

VINIFICATION and MATURATION

Hand harvested in September, the grapes are brought back to the winery, de-stemmed and macerated for 4 hours. Fermentation in stainless steel tanks with indigenous yeasts. Aged 5 months in stainless steel before bottling.

VINEYARD

Gebling is a steep (45%) southern facing single vineyard that sits on Europe's largest contiguous loess deposit. Dry farmed, organic practices.

TASTING NOTES

Expressive nose, ripe yellow fruit and tropical fruit length with fine apple nuances. Juicy, elegant texture, delicate mineral, well-built acid structure, remains well adhered.

FOOD PAIRING

Aperitif, weiner schnitzel, tonkatsu, ramen, Gruyère, Appenzeller.
